THE LONG ARM OF THE NATION

The strength of every nation is measured by its sea power. In war the navy is the deciding factor. In peace it is the most powerful insurance against future war. Little-known facts of intense interest concerning our navy are told in one of the series of stories about Our Government which we are sending out each month.

To receive with our compliments this story and all those issued before, merely send us your name and address.

By JNO. GARLAND POLLARD

The following classified list of 122 executive departments, commissions or agencies of the State will serve to give the reader a bird's eye view of the extent and nature of the State's activities we are to study in subsequent lessons. This classification is not based on legal relationship, but is made by the writer with the view of grouping agencies according to the nature of their functions. "A little while, the ills that now o'er whelm men
Shall to the memories of the past belong;
A little while, the love that once redeemed them
Shall change their weeping into grateful song.

Praise God the light is hourly growing clearer
Shining more and more unto the perfect day"

An allegorical concept of the Red Cross as a peace-time ideal is employed by the American Red Cross in a new and striking poster for its Annual Red Cross Roll Call. Spread out before the heroic size figure is the outline of the United States with a Red Cross superimposed upon it while around its borders are sketched scenes depicting the chief activities of the around its borders are sketched scenes depicting the chief activities of the Red Cross today—service to disabled veterans of the World War, disaster relief and promotion of the public health. "Slimy Taste"

"When I feel stupid, get constipated, or bilious, I take a good dose or two of Black-Draught and it sets me straight," writes Mr. George B. Haislep, of R. F. D 2, Columbia, S. C. "It cleanses the liver and I feel all right, and have not used any other medicine as I do not see the need of it. I am a guard at the State Reformatory, and have been for three or more years. When I first heard of

BLACK-DRAUGHT
Liver Medicine

and the good medicine it was, I had been having a tired feeling when I'd get up in the morning. I would be stiff and sore, and had a slimy, bad taste in my mouth, but didn't think so much of it till I began to feel stupid and didn't feel like eating—then I knew I needed medicine. It was then I began Black-Draught, and I felt all made over, ready for any kind of work, ready to eat and sleep. So, for any return of this trouble, I take Black-Draught, and for 25 years it has been my medicine, and I wouldn't be without it at all. My work is constant. I am on my feet a lot. I am out of doors, and fresh air and Black-Draught are all the medicines I need. I recommend it to others for I know it is good."
